Dear Sam,

It was a pleasure talking with you recently concerning Dunbar Systems installation at the MultiFoods bakery in Bonner Springs, Kansas. I believe the site visit by Gary Hiatt was very beneficial. On behalf of MOTOMAN, he was very professional and certainly left a good impression on Clif Derks, MultiFoods Corporate Engineer, Paul Brennan, Auto-Bake's Electrical Engineer, and myself.

I am delighted that my card was of value to you and would like to **Thank You** very much for the nice shirt. I will wear it proudly.

I look forward to working with you again on my next project. We should be starting in Southern California in early June.

Thanks again for my shirt.

Sincerely,  
DUNBAR SYSTEMS, INC.
