Regional Technical Manager - East  
Motoman, Inc.

Dear Clint:

Our experiences with Rob Ulshafer servicing our robot at Huhtamaki in Fulton, N.Y., have been very good. Rob is a great communicator, works well with press personnel, and utilizes the press time allotted to him to solve all the robot issues that need resolution.

Rob knows the equipment very well, conducts himself professionally and is able to train and speak at a level where everyone can understand him. He has been to our site on three occasions since the robot was installed and I have been very pleased with what he accomplishes during each visit. His recommendations regarding the robot are always appreciated.

In my opinion, Rob is a valuable asset to Motoman and a valuable resource for Huhtamaki.

Sincerely,

Jerry Borza
